<p>On the My Calendar, the colour of the text and the background are not in sufficient contrast to each other. This fails WCAG success criteria 1.4.3 Contrast (Minimum). This will be reviewed in September 2024.</p>
<p>On the Course Details page, the text is not the correct contrast. This fails WCAG success criteria 1.4.3 Contrast (Minimum). This will be reviewed in September 2024.</p>

On the Awards Details page, the text is the incorrect contrast.  
This fails WCAG success criteria 1.4.3 Contrast (Minimum).  
This will be reviewed in September 2024.

In course details, when the font size is increased to 'very large', some of the text size on the web page remained unchanged.  
This fails WCAG success criteria 1.4.4 Resize text.  
This will be reviewed in September 2024.

On the Course Details page, there is no link visible on the webpage where screen reader read it as a link.  
This fails WCAG success criteria 1.3.2 Meaningful Sequence.  
This will be reviewed in September 2024.

On the 'My Messages' page, the content displayed is not included in the land marks.  
This fails WCAG success criteria 1.3.1 Info and Relationships.  
This will be reviewed in September 2024.

On the 'My Broadcasts' page, the content displayed is not included in the land marks.  
This fails WCAG success criteria 1.3.1 Info and Relationships.  
This will be reviewed in September 2024.

On the 'My Awards' page, when you click on passed date or expires date, it takes the user to the awards detail page.  
This fails WCAG success criteria 2.4.4. Link Purpose (In Context).  
This will be reviewed in September 2024.

On the 'My Awards' page, when clicked on the small lines in the anticipated box , the link takes the user to the awards detail page.  
This fails WCAG success criteria 2.4.4 Link Purpose (In Context).  
This will be reviewed in September 2024.

On 'My awards' page, when zoomed to 400%, except the title of the award, remaining content is lost.  
This fails WCAG success criteria 1.4.10 Reflow.  
This will be reviewed in September 2024.

When clicked on 'My awards' page, the link leads to awards detail page.  
There is no link on awards detail page to visit the previous page (my awards).  
This fails WCAG success criteria 2.4.5.  
This will be reviewed in September 2024.

On the My Awards page, the screen reader skips reading the link in anticipated box.  
This fails WCAG success criteria 1.3.2 Meaningful Sequence.  
This will be reviewed in September 2024.

On all web pages, the link attached to the "Education Essex Online Booking System" graphic logo, does not have any descriptive text.

Screen readers cannot describe the function of the link.

This fails WCAG success criteria 2.4.4 Link Purpose (In Context).

This will be reviewed in September 2024.

On the My Elearning page, a table header contains no text.

This fails WCAG success criteria 1.3.1 Info and Relationships.

This will be reviewed in September 2024.

On the My Elearning page, a table header contains no text.

This fails WCAG success criteria 1.3.1 Info and Relationships.

This will be reviewed in September 2024.

The 'All Rights Reserved' text does not meet the correct contrast.

This fails WCAG success criteria 1.4.3 Contrast (Minimum).

This will be reviewed in September 2024.

The footer layout is in a table format which can be mistaken by screen readers as data tables which do not have heading rows.

This fails WCAG success criteria 1.3.2 Meaningful Sequence.

This will be reviewed in September 2024.

On the My eLearning page, the item Page Header for the main menu cannot be accessed when only using a keyboard.

This fails WCAG success criteria 2.4.3 Focus Order.

This will be reviewed in September 2024.

The text 'click here for directions' is not inclusive as not everyone is using a mouse to click and it is not clear with directions.

This fails WCAG success criteria 2.4.4 Link Purpose (In Context).

This will be reviewed in September 2024.

When clicked on venue in 'My courses' page, the link leads to venue detail page.

There is no link to visit the previous page (my courses).

This fails WCAG success criteria 2.4.5 Multiple Ways.

This will be reviewed in September 2024.

On 'My courses' page, when zoomed to 400%, all the titles above the tables and the 'Action' box under Active/Future courses is lost.  
This fails WCAG success criteria 1.4.10 Reflow.  
This will be reviewed in September 2024.

When zooming in at 400%, some of the links in the footer are lost.  
This fails WCAG success criteria 1.4.10 Reflow.  
This will be reviewed in September 2024.

The ARIA menu should contain menu items.  
This fails WCAG success criteria 4.1.2 Name, Role, Value.  
This will be reviewed in September 2024.

On all web pages, there are not any headings of sub headings.  
This fails WCAG success criteria 1.3.1 Info and Relationships.  
This will be reviewed in September 2024.

The language identifier does not include a county element to aid assistive technology localise the page.  
This fails WCAG success criteria 3.1.2 Language of Parts.  
This will be reviewed in September 2024.

On all web pages, increasing the page font size to large does not alter the size of the text on the page.  
This fails WCAG success criteria 1.4.4 Resize Text.  
This will be reviewed in September 2024.

The course status text 'Completed' does not meet the required contrast Ratio.  
This fails WCAG success criteria 1.4.3 Contrast (Minimum).  
This will be reviewed in September 2024.

The drop down boxes and buttons on the web pages indicate they have focus with a grey outline, this contrast is not sufficient.  
This fails WCAG success criteria 2.4.7 Focus Visible.  
This will be reviewed in September 2024.

The contrast ratio for text in the various dashboard items do not meet the minimum standard.  
This fails WCAG success criteria 1.4.11 Non-text Contrast.  
This will be reviewed in September 2024.
